Judge Darl Poling

ORDER ESTABLISHING FUTURE PROCEDURES FOR MOTIONS TO EXCEED FILING PAGE LIMITATIONS

Pending before the Court is *Plaintiff's Motion for Leave to File Oversized Consolidated Reply and Incorporated Memorandum Showing Good Cause* which was filed on August 5, 2026. The Court through its staff partially addressed this matter on the day of the filing based upon a telephone call from the Circuit Clerk's office seeking guidance on whether to accept the voluminous filing or not.

The Court after reviewing the nature of the proposed filing, instructed the Circuit Clerk to accept the filing and its attachments with the understanding that the Court would address the matter by subsequent Order. The Court intends this Order to address future filings by the Plaintiff.

Therefore, to ensure that only proper pleadings are received and filed by the Circuit Clerk, the Court does hereby **ORDER** the following:

1. To the extent that the Court permitted the filing of the current motion, the request to exceed the page limit was temporarily **GRANTE**D in part.
2. Effective upon the filing of this Order, the Plaintiff shall strictly adhere to the page limitations set for all pleadings as established by the Rules of Civil

Procedure and Trial Court Rules and shall follow the procedures set forth herein for future filings.

3. Any future pleading, including attachments which exceed the specified page limits, shall not be accepted by the Circuit Clerk without written authorization by the Judge.
4. Before attempting to file any future pleading which exceeds the established page limits, the Plaintiff must file a written motion which sets forth the nature of the pleading, the reason the pleading needs to exceed the established page limits, and schedule a hearing on the motion, before the documents are submitted to the Circuit Clerk.
5. Prior to any hearing on any future motion to exceed the page limits, the Plaintiff must provide a copy of the proposed documents to opposing counsel or the opposing party for review and provide the opposing side with ten (10) days to either agree to the filing or to file a response objecting to the filing.
6. At the hearing on any future motions, all documents desired to be filed must be made available to the Court for review and ruling before being submitted to the Circuit Clerk.
7. The Court shall rule upon the request and issue an Order either granting or denying the request at the conclusion of the hearing.
8. The Circuit Clerk shall then proceed according to the Order of the Court.
9. The Court will address the substance of the matters raised in the Plaintiff's current motion by separate Order in the near future.
10. The Circuit Clerk shall provide a copy of this Order to all counsel of record via the e-filing system and shall mail a copy to the Plaintiff by U. S. Mail to his last

known address.

ORDER:

Entered this the 25th day of August 2026.
